

10 REASONS

to Choose Flexsteel Acute Healthcare

1 Flexsteel offers industry exclusive comfort technology in our patent-pending DualFlex™ Seat Support System which features a blue steel banded platform and helical coil springs to enhance seat comfort and durability.

2 Flexsteel's innovative SpringFlex™ Back, featured in select patient and waiting room chairs, cradles and supports while offering the option to rock in a back-and-forth motion and our FlexLock™ feature allows the back to lock into a set position.

3 Exclusive patent-pending technology in our fold-out sleeper mechanisms provides a quick, comfortable experience for guests and visitors.

4 Flexsteel's exclusive Kem Aqua Finish provides 85-sheen on all exposed wood and is the highest in the industry.

5 Our standard, premium and custom-matched finishes are solvent-free, water-based and coated with our rugged FlexGuard II antimicrobial pre-catalyzed topcoats.

6 All steel back and seat frames are reinforced for long-term durability and heavy-duty usage and carry a limited lifetime warranty.

7 All Flexsteel products feature high resiliency virgin polyurethane foams. All products use CAL 117 foam with upgrades to TB 133 standards if desired.

8 All Flexsteel products are tested to commercial standards using American National Standards Institute (ANSI) and Business and Institutional Furniture Manufacturers Association (BIFMA) x 5.1 standards to ensure longevity for our customers.

9 Flexsteel meets and upholds the standards of the American Home Furnishings 'Sustainable by Design' environmental program.

10 All product is 100% assembled in the United States.
