

Flexsteel Power Lift Recliners

H214R-56

37" W X 38"D X 41.5"H
20"SH X 20"SW X 21"SD X 24"AH

All Flexsteel Lift Recliners feature our exclusive Flexsteel DualFlex Spring System, a Blue Steel banded platform with helical coil springs to enhance seat comfort and durability. Available in hundreds of in-line fabrics at various grades as well as Customer's Own Material (COM).

- 12-Volt motor system for safe, smooth operation.
- Battery-operated safety backup on lift motor ensures movement even if power fails.
- All Flexsteel lift reclining chairs are available with right or left side controls.
- Frame parts are doweled with screw-set reinforcing corner blocks for durability.
- High-resiliency polyurethane foam for supportive comfort and enhanced shape retention.
