

Weldon overbed table [A7000-AOBT]

- Thermofilm seamless top for durability and infection control
- Top surface supported with a thin plate to promote ease of cleaning instead of an encumbering attachment system
- Pneumatic gas spring for smooth, effortless height adjustment
- Anodized aluminum column provides one of the most stable overbed tables on the market
- Dual casters for easy maneuverability

Huxley bedside cabinet [A7020-061]

- Thermofilm seamless top and fronts for durability and infection control
- Vented back panel to allow dissipation of moisture like from a wash basin
- Six-inch-deep plastic drawer liner is removable for easy cleaning
- Epoxy-coated drawer sides for smooth drawer operation

Huxley wardrobe [A7020-061W]

- Thermofilm seamless top and fronts for durability and infection control
- Self-closing concealed hinges with 110-degree opening angle for easy access
- Three-quarter extension, self-closing, epoxy-coated drawer sides for smooth drawer operation
- Adjustable furniture levelers are standard

Thermofilm Features

- Seamless thermoplastic layer
- Highly resistant to moisture, scratches, and stains
- Holds color and dimension longer than other laminate finishes
