

Experience **Senior Living** with Flexsteel®

At Flexsteel Senior Living, our goal is to build furniture that is not only safe, comfortable, and durable for the aging population, but also easy for family members and caregivers to use.

We are guided by more than a century of experience that helps ensure the best quality and results for our customers. And we continue to improve upon our craft every day.

- Full range of products for senior living communities: Common Areas, Resident Rooms, Dining and Activity Areas, Administrative, and Collaborative Spaces
- Our patented DualFlex® Spring is a defining feature of our Flexsteel Blue Spring Support System
- Senior Living Cleanout, FlexCare Removable Seat, and our rugged FlexGuard II finish
- In-house BIFMA testing
- With eight factories and distribution facilities across the United States and a company-owned fleet of trucks, we're committed to on-time, in-full delivery.

Senior Living COLLECTION

Flexsteel Senior Living products blend safety and durability with the comfort of home.

Flexsteel® Blue Spring Technology

Flexsteel offers diversified products that are uniquely tied to our famous Flexsteel Blue Spring Support System.

This support system features high-carbon, blue steel banded platforms, and helical spring supports for the utmost in seat comfort and durability.

Also included on select items is our patent-pending SpringFlex™ Back and one-touch FlexLock™ Lockout.
